

**ANNOUNCEMENT No. 1**

**Invitation for Abstract Submission to the 10th  
National Conference on Medical Education**

In the context of rapid global digital transformation, digital technologies, artificial intelligence, and big data are exerting profound impacts on education in the health sciences. Medical education is currently facing an urgent need for substantial innovation to enhance training quality, meet professional competency standards, and adapt to the development of smart healthcare ecosystems in the era of international integration.

In order to provide opportunities for networking, academic exchange, experience sharing, and updating innovative trends in health workforce education, the Vietnam Association of Medical Education (VAME), in collaboration with Phenikaa University, is pleased to organize the: **10TH NATIONAL CONFERENCE ON MEDICAL EDUCATION**

**1. Time:** November 06 – 07, 2026

**2. Venue:** Phenikaa University

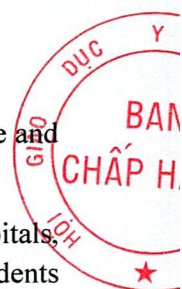

**3. Theme:** “Medical Education in the Era of Digital Transformation: Quality Assurance and Professional Competency Standards”.

The Organizing Committee cordially invites educational institutions, hospitals, administrators, medical education researchers, clinicians, and undergraduate and graduate students in health sciences to submit scientific reports to the Conference. Submissions should comply with the Conference guidelines for oral presentations or poster presentations.

- Registration of title, authors, presenter, and abstract: before July 31, 2026 via the Conference website.
- Submission of full papers or posters: before August 31, 2026 through the Conference online submission system.
- Please clearly indicate the full name, academic title/degree, affiliation, phone number, and email address of the corresponding author at the end of the manuscript.

The Organizing Committee will conduct peer review and select appropriate reports for presentation at the Conference. Authors of accepted submissions will receive official notification from the Organizing Committee.

In addition, the Conference will feature various academic and professional networking activities, including: pre-conference training courses; the Dean’s Forum for leaders of health sciences educational institutions; plenary sessions with national and international experts; policy

forums on competency standards and the national licensing examination; parallel thematic sessions; the National Innovation Competition for Health Sciences Students; and exhibitions on medical education technology, simulation, and digital transformation in healthcare.

The Organizing Committee also cordially invites organizations, enterprises, hospitals, and partners to participate as sponsors, exhibitors, and collaborators in order to promote cooperation in training, research, and innovation in medical education.

For further information, please contact:

- Ms. Ngo Thi Thu Hien, Phenikaa University. Email: vame2026@phenikaa-uni.edu.vn. Phone: 0915505332
- VAME official website (<https://vame.org.vn/>)

Your participation and contribution will greatly support the success of the Conference and foster the advancement of medical education in Vietnam in the digital era.

Sincerely yours./.

*Recipients:*

- Departments of Health of the provinces;
- Medical education institutions nationwide;
- Hospitals nationwide.
- Filed at: Archives.

**PRESIDENT**  
  
**Prof. Dr. LE QUANG CUONG**
